AUDIENCE GUIDE.

My guide serves as the narrative driver; she encounters participants in the waiting area and remains with them throughout the entire immersive experience. Her role is to captivate and engage the audience within the space. Her character parallels Effie Trinket from *The Hunger Games*, embodying a vibrant personality to truly enhance the environment and energise the audience.

The Guide.

Inspired by the concept of The Hunger Games tribute escorts.

An energetic personality that is both captivating and approachable.

Event anchor.

Inspired by Effie Trinket.

Having a guide or escort throughout the entire experience helps the audience feel more comfortable in the spaces and aids in managing the event's pacing.
